### Tip:

Planning a family road trip? Why not create a special family vacation CD before hitting the road? Let everyone choose two or three of their favorite songs, and then burn an annual family vacation CD. After the trip's long over, every time you hear one of your vacation songs, it will bring back great memories.

## Other Useful Ideas

- Keep fast food and other restaurant coupons in an envelope in your car. That way, when you're out and about and need a bite to eat, you'll have these valuable coupons right at your fingertips.
- Does your family enjoy sending postcards? Instead of lugging along your address book, simply get a sheet of self-stick labels and either handwrite or have your computer print the addresses on the labels before you leave on vacation.
- If you are traveling with small children, consider a trip to the dollar store to stock up on small trinkets that you can give them along the way to keep them occupied and reward them for good behavior.
